Subject. EssentailHR (Time Attendance & Payroll) Software Contract Agreement

1) The software usage period shall commence on 1-Mar-2026, and the period up to 8-May-2026 shall be designated as a 2-month free trial period. The period from January 2026 to February 2026, during which the software installation was initiated, has been designated as the coordination and customization period.

2) It is agreed that, on 9-May-2026, following the completion of the 2-month free usage period, the Buyer shall make payment in the amount of Myanmar Kyats 23,500,000 (MMK 23,500,000) only, based on Package Plan (J) equivalent to a 3,000-employee size, after deduction of a special discount of MMK 1,500,000.

3) The Provider, Code-X Yangon Technology Co., Ltd, agrees to provide one year of free software services and maintenance commencing from the software purchase date of 9-May-2026 until 9-May-2027. Starting from 10-May-2027, an annual maintenance service fee of MMK 700,000 will be charged on a yearly basis.

4) Under Package Plan (J), usage is limited to a maximum of three thousand employees (employee limit = 3,000) only. If the number of employees exceeds 3,000, the Buyer shall pay an additional fee equivalent to MMK 20,000 per additional employee.

5) From the date of the software installation, the Provider has already provided the Buyer company with functional reports/exports related to Employees (manpower), Time Attendance, Leave, Payroll & Payslip, PIT, and SSB features to ensure convenient system usage, and will continue to provide software support together with functional updates on an ongoing basis.

6) Based on Package Plan (J), the services covered under the annual maintenance service plan are as follows: -

- Database Backup Schedule (Daily, Weekly)
- Database maintenance will be provided on-site once every four months. (cause of big attendance logs data)
- Database Restore if Server rarely down to run.
- Software Update, according to user's small requirements to add functional features.
- Software installation services when Pc's windows reinstall.
- Software errors, issues, maintenance.

Therefore, after paying the one-year maintenance service fee, the Buyer will receive the annual maintenance service plan for a period of one year. The one-year maintenance service plan already covers remote services, on-site services, and transportation charges within the one-year period; therefore, no additional service fees will be required. If the annual maintenance service plan is not subscribed to, further services will not be provided.

7) The Provider company shall not be responsible for any damage to, or inability to use, the computers on which the software has been installed, due to any reason whatsoever. Please be informed that the service provided is limited only to restoring and running the EssentialHR software.

(If required, computers and accessories may be ordered and purchased from Code-X Tech company. Network installation services are also available upon request.)

8) The EssentialHR software is granted for lifetime use only at the single factory location of the Buyer company.

9) For service support, issues will be primarily resolved via phone, Viber, Telegram, and remote applications (AnyDesk, TeamViewer, UltraViewer). If necessary, on-site service technicians will personally visit and provide assistance.

10) Code-X Technology takes full responsibility for after-sales services. For on-site cases, we will arrange for service technicians to visit and resolve the issue within a maximum of 3 days.

11) The Provider will provide the service during office hours (9:00 AM to 6:00 PM), and on Saturdays as well during office hours (9:00 AM to 4:00 PM).

12) "The Company's business ethics and responsibilities"

- ❖ The Company takes full responsibility to ensure that customers' data and information are not leaked to any third party. If there is any evident misconduct such as leaking, sharing, or unauthorized use of the data and information, the buyer has the right to take legal action in accordance with the law.
- ❖ During the one-year Annual Maintenance Service Plan period, we will take responsibility for implementing backup schedule plans (daily/weekly/monthly) to ensure that there is absolutely no loss of the server database.

13) If you would like to develop additional modules or function requirements that are not included in the EssentialHR Software, they will be subject to customization charges. A development timeline will be specified, and the required charges must be paid in advance before the development work can begin.

14) **Optional Note:** If the Annual Maintenance Service Plan is not purchased, and training is required for new users due to changes in software users, a service fee of MMK 100,000 per day, including transportation charges, will be charged.

15) The Buyer of the EssentialHR Software shall not reproduce, distribute, or allow any third party unrelated to their company, factory, workshop, or business to use the software product, nor share it through any other means. If any such violation is discovered or proven, the seller shall have the right to take legal action in accordance with the law.

In agreement with the terms and conditions stated above, this agreement is hereby signed in the presence of the authorized representatives of both parties as set forth below.
